GEODRILL LIMITED
MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES

This management information circular (the “Circular”) is furnished in connection with the solicitation of proxies by the management of Geodrill Limited (the “Corporation”) for use at the Annual and Special Meeting of Shareholders (the “Meeting”) of the Corporation referred to in the accompanying Notice of Annual and Special Meeting of Shareholders (the “Notice”) to be held on Monday, May 12, 2014, at the time and place and for the purposes set forth in the Notice. References in this Circular to the Meeting include any adjournment(s) thereof. It is expected that the solicitation will be primarily by mail; however, proxies may also be solicited personally or by telephone by regular employees of the Corporation at nominal cost. The cost of such solicitation will be borne by the Corporation.

The board of directors of the Corporation (the “**Board**”) has by resolution fixed the close of business on April 1, 2014 as the record date, being the date for the determination of the registered holders of ordinary shares of the Corporation (the “**Ordinary Shares**”) entitled to notice of and to vote at the Meeting and any adjournment(s) thereof.

Unless otherwise stated, the information contained in this Circular is given as of April 1, 2014 and, all dollar amount references are expressed in U.S. dollars. All references herein to the Corporation shall include its subsidiaries as the context may require.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are officers and/or directors of the Corporation. Each shareholder has the right to appoint a person or company, who need not be a shareholder of the Corporation, other than the persons named in the enclosed form of proxy, to represent such shareholder at the Meeting or any adjournment(s) thereof. Such right may be exercised by inserting such person’s name in the blank space provided and striking out the names of management’s nominees in the enclosed form of proxy or by completing another proper form of proxy. All proxies must be executed by the shareholder or his or her attorney duly authorized in writing or, if the shareholder is a corporation, by an officer or attorney thereof duly authorized. The completed form of proxy must be deposited at the office of the Corporation’s transfer agent, Equity Financial Trust Company, 200 University Avenue, Suite 300, Toronto, Ontario, M5H 4H1, no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting or any adjournment(s) thereof.

A shareholder forwarding the enclosed form of proxy may indicate the manner in which the appropriate appointee is to vote with respect to any specific item by checking the appropriate space. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The shares represented by the proxy submitted by a shareholder will be voted in accordance with the directions, if any, given in the proxy.

A shareholder who has given a proxy has the power to revoke it as to any matter on which a vote has not already been cast pursuant to the authority conferred by such proxy and may do so either: by depositing an instrument in writing revoking the proxy executed by him or her with Equity Financial Trust Company at the address noted above at any time up to and including 4:00 p.m. (Toronto time) on the last business

day preceding the day of the Meeting, or any adjournment thereof, or in any other manner permitted by law.

EXERCISE OF DISCRETION BY PROXIES

Ordinary Shares represented by properly executed proxies in favour of the persons named in the enclosed form of proxy will be either voted or withheld from voting, as applicable, in accordance with the instructions given by the shareholder on any ballot that may be called for and, if the shareholder specifies a choice with respect to any matter to be acted upon, the Ordinary Shares will be voted accordingly. **Where shareholders have properly executed proxies in favour of the persons named in the enclosed form of proxy and have not specified in the form of proxy the manner in which the named proxies are required to vote the Ordinary Shares represented thereby, such shares will be voted in favour of the passing of the matters set forth in the Notice.** The enclosed form of proxy confers discretionary authority with respect to amendments or variations to the matters identified in the Notice and with respect to other matters that may properly come before the Meeting. At the date hereof, management of the Corporation knows of no such amendments, variations or others matters to come before the Meeting. However, if any other matters which at present are not known to management of the Corporation should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgement of the named proxies.

NON-REGISTERED SHAREHOLDERS

Registered holders of Ordinary Shares or the persons they validly appoint as their proxies are permitted to vote at the Meeting. However, in many cases, Ordinary Shares beneficially owned by a person (a “**Non-Registered Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) (including banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) that the Non-Registered Holder deals with in respect of the Ordinary Shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant.

Distribution to NOBOs

In accordance with the requirements of the Canadian Securities Administrators and National Instrument 54-101, *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), the Corporation will have caused its agent to distribute copies of the Notice and this Circular (collectively, the “**meeting materials**”) as well as a proxy directly to those Non-Registered Holders who have provided instructions to an Intermediary that such Non-Registered Holder does not object to the Intermediary disclosing ownership information about the beneficial owner (“**Non-Objecting Beneficial Owner**” or “**NOBO**”).

These securityholder materials are being sent to both registered holders of the securities and Non-Registered Holders of the securities. If you are a Non-Registered Holder, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.

By choosing to send these materials to you directly, the Corporation (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your

proper voting instructions. Please return your voting instructions as specified in the request for proxy enclosed with mailings to NOBOs.

The meeting materials distributed by the Corporation's agent to NOBOs include a proxy. Please carefully review the instructions on the proxy for completion and deposit.

Distribution to OBOs

In addition, the Corporation will have caused its agent to deliver copies of the meeting materials to the clearing agencies and Intermediaries for onward distribution to those Non-Registered Holders who have provided instructions to an Intermediary that the beneficial owner objects to the Intermediary disclosing ownership information about the beneficial owner ("**Objecting Beneficial Owner**" or "**OBO**").

Intermediaries are required to forward the meeting materials to OBOs unless an OBO has waived his or her right to receive them. Intermediaries often use service companies such as Broadridge to forward the meeting materials to OBOs. Generally, those OBOs who have not waived the right to receive meeting materials will either:

1. be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number of shares beneficially owned by the OBO, but which is otherwise uncompleted. This form of proxy need not be signed by the OBO. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and deposit it with Equity Financial Trust Company in the manner set out above in this Circular, with respect to the Ordinary Shares beneficially owned by such OBO; or
2. more typically, be given a voting registration form which is not signed by the Intermediary and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute authority and instructions (often called a "**Voting Instruction Form**") which the Intermediary must follow. Typically, the Voting Instruction Form will consist of a one page pre-printed form. The purpose of this procedure is to permit the OBO to direct the voting of the shares he or she beneficially owns.

Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the persons named in the form and insert the Non-Registered Holder's name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions, including those regarding when and where the proxy or voting instruction form is to be delivered.

INTEREST OF CERTAIN PERSON IN MATTERS TO BE ACTED UPON

No director or officer of the Corporation, nor any person who has held such a position since the beginning of the last completed financial year-end of the Corporation, nor any proposed nominee for election as a director of the Corporation, nor any associate or affiliate of any of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter of business to be acted upon at the Meeting, other than the election of directors of the Corporation and as may otherwise be set out herein.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Each holder of Ordinary Shares of record at the close of business on April 1, 2014 (the “**Record Date**”) is entitled to receive notice of and to vote at the Meeting or at any adjournment(s) thereof. The Corporation will prepare a list of holders of Ordinary Shares as of such Record Date. Each holder of Ordinary Shares named in the list will be entitled to vote the Ordinary Shares shown opposite his/her name on the list at the Meeting, subject to compliance with the procedures specified herein. All such holders of record of Ordinary Shares are entitled to either attend and vote thereat in person the Ordinary Shares held by them or, provided a completed and duly executed form of proxy shall have been delivered to the Corporation’s transfer agent within the time specified in the attached Notice, to attend and vote thereat by proxy the Ordinary Shares held by them, all in accordance with the procedures specified herein. The list of Ordinary Shares of the Corporation created as of the Record Date is final and no new persons who become shareholders of the Corporation following such Record Date will be entitled to notice of or vote at the Meeting.

As of April 1, 2014, the Corporation had an aggregate of 42,512,000 Ordinary Shares issued and outstanding. Each Ordinary Share carries the right to one vote on all matters to be acted upon at the Meeting. The outstanding Ordinary Shares are listed on the Toronto Stock Exchange (the “**TSX**”) under the symbol “**GEO**”.

To the knowledge of the directors and executive officers of the Corporation, as of April 1, 2014, no persons or companies own, or exercise control or direction over, directly or indirectly, voting securities of the Corporation carrying 10% or more of the voting rights attached to any class of voting securities of the Corporation, other than as set forth below.

COMPENSATION DISCUSSION AND ANALYSIS

Objectives of Compensation Program

The objectives of the Corporation’s compensation programs are: (i) recruiting and retaining the executives and senior management critical to the success of the Corporation and the enhancement of shareholder value; (ii) providing fair and competitive compensation; (iii) balancing the interests of management and shareholders of the Corporation; and (iv) rewarding performance, both on an individual basis and with respect to the business in general.

The Corporation has established the principles of a formal compensation program whereby the compensation of each of the Chief Executive Officer, Chief Financial Officer and Chief Operating Officer is recommended by the Compensation Committee and approved by the Board. The compensation program of Mr. Rodrigue is reviewed and approved annually by the Chief Executive Officer. The compensation program seeks to tie individual goals to the executive officer's area of primary responsibility. These goals include the achievement of specific financial or business development goals, which are currently being finalized by the Corporation. The program also seeks to set performance goals that reach across all business areas of the Corporation and include achievements in finance/business development and corporate development.

When used in this section "**Named Executive Officer**" or "**NEO**" means the chief executive officer, the chief financial officer and each of the three most highly compensated individuals acting in a similar capacity (other than the chief executive officer and chief financial officer) at the end of the relevant financial year whose total compensation was more than CDN\$150,000 for that financial year. The NEOs for the year ending December 31, 2013 are Dave Harper, Greg Borsk, Terry Burling and Stephan Rodrigue.

Overview of the Compensation Philosophy

The following principles guide the Corporation's overall compensation philosophy:

1. compensation is determined on an individual basis by the need to attract and retain talented, high-achievers; and
2. calculating total compensation is generally set with reference to the market for similar jobs in similar locations.

Compensation Review Process

The Corporation's compensation committee (the "**Compensation Committee**") reviews on an annual basis the cash compensation, performance and overall compensation package for each of the Chief Executive Officer, Chief Financial Officer and Chief Operating Officer. It then submits to the Board recommendations with respect to the basic salary, bonus and participation in the Corporation's stock option plan (the "**Stock Option Plan**") for such executive officers. The Compensation Committee agrees annually and on an as needed basis with input from management, on the specific work to be undertaken by the Compensation Committee. The compensation program of Mr. Rodrigue is reviewed and approved annually by the Chief Executive Officer.

Comparator Group

When the Corporation was considering executive compensation in connection with the listing of the Ordinary Shares on the Toronto Stock Exchange, the Corporation was provided with information regarding executive compensation for a comparator group of peer companies on an informal basis. The Board considered this information and used it as a guideline to establish the initial compensation packages.

The Compensation Committee completed a review in early 2013, with the input of Mercer (Canada) Limited ("**Mercer**"), through which it compared a formal comparator group of peer companies including drilling services, mining services and mining companies located in hardship locations of similar size and market capitalization and completed a comparison of its executive compensation packages against those

awarded by the companies in the comparator group. As part of this review the Compensation Committee considered comparable market data from third party surveys to provide an initial reference point for determining future compensation levels. The Corporation has also finalized objective measures and performance goals for the Chief Executive Officer, Chief Financial Officer and Chief Operating Officer in order to assist the Compensation Committee in determining appropriate compensation and bonus arrangements. Peer companies utilized for compensation comparables, to the extent that relevant information was available, include Boart Longyear Limited, Major Drilling Group International Inc., Ausdrill Limited, Union Drilling Inc., Western Energy Services Corp and other drilling services, mining services and mining companies located in hardship locations of similar size and market capitalization. As a result of the review with Mercer, the Corporation undertook a further review of the compensation paid to a comparator group of peer companies during 2012 which resulted in the base salary being increased for Mr. Harper and the creation of the hardship location allowance to compensate the Chief Executive Officer, Chief Financial Officer and Chief Operating Officer for residing and working in West Africa. These changes to the compensation program became effective March 1, 2013.

Elements of Executive Compensation

The Compensation Committee and the Board take a holistic view of the compensation elements in determining NEO compensation. Executive compensation consists of primarily four elements: (i) base salary; (ii) hardship location allowance; (iii) annual performance based cash incentives; and (iv) other annual compensation such as perquisites as well as long term compensation in the form of stock options. The following summarizes why the Corporation pays each element.

SHORT-TERM INCENTIVE PLAN

Element of Compensation	Summary and Purpose of Component
Base Salary	Salaries form an essential component of the Corporation's compensation mix as they are the first base measure to compare and remain competitive relative to peer groups. Base salaries are fixed and therefore not subject to uncertainty and are used as the base to determine other elements of compensation and benefits.
Hardship Location Allowance	The hardship location allowance is paid in addition to base salary to compensate the executive for residing and working in West Africa.
Annual Cash Bonus	Annual cash incentives are a variable component of compensation designed to reward the executive for corporate and personal performance.
Other Compensation – Perquisites	Perquisites such as health and life insurance plans, housing, dependant tuition and transportation allowances and other usual perquisites may be provided for executives in accordance with local practices in order to ensure that the Corporation's compensation packages are competitive.

LONG-TERM INCENTIVE PLAN

Element of Compensation	Summary and Purpose of Component
Stock Options	The granting of stock options is a variable component of compensation intended to reward the executive officers for the Corporation's success in achieving sustained, long-term profitability and increases in share value. Vesting provisions will ensure that the stock option holders' interests are aligned with longer term interests of the Corporation's shareholders.

Base Salary

The base salary of each of the Chief Executive Officer, Chief Financial Officer and Chief Operating Officer is determined based on the Compensation Committee's compensation review process, as discussed above. The Compensation Committee believes that it is appropriate to establish compensation levels that take into consideration hardship locations, both in terms of compensation practices as well as levels of compensation. The base salary of Mr. Rodrigue is reviewed and approved annually by the Chief Executive Officer.

Hardship Location Allowance

Hardship location allowances are reviewed annually by the Compensation Committee and are awarded to compensate certain executives for residing and working in West Africa as the Compensation Committee considers appropriate. The hardship location allowance has been set at 25% of base salary with effect on March 1, 2013.

Annual Cash Bonus

Cash bonuses are reviewed annually by the Compensation Committee and are awarded to reward the executive for such personal and corporate performance measures as the Compensation Committee considers appropriate as measured against the Corporation's short term incentive policy that was established in 2013.

The Corporation has targeted cash bonuses from 50-66% of base salary which are linked to specific, measurable goals with individual measurable performance criteria set for the Chief Executive Officer, Chief Financial Officer and Chief Operating. The Corporation's short term incentive policy dedicates 65% of bonus toward achieving corporate goals and 35% of bonus toward achieving personal goals. Corporate goals are made up of: (a) meeting certain revenue targets; (b) meeting certain EBITDA targets; (c) maintaining efficient inventory levels; and (d) managing debt levels. Personal goals are made up of position specific elements. EBITDA is one of the elements of the Corporate goals. EBITDA is a non-IFRS financial measure and is defined as Earnings before Interest, Taxes, Depreciation and Amortization. The Corporation believes that EBITDA is a useful element for one of the Corporate goals because it is frequently used by securities analysts, investors and other interested parties in evaluating companies in the same industry and is an important indicator of the Corporation's ability to generate liquidity through operating cash flow to fund future working capital needs, service outstanding debt and fund any future capital expenditures. In 2013, the Chief Executive officer, Chief Financial Officer and Chief Operating Officer did not meet all of their personal and corporate performance targets and as such their bonuses were effectively 39% of basic salary for Mr. Harper, 29% of basic salary for Mr. Borsk and 29% of basic salary for Mr. Burling. As at April 1, 2014 the bonuses have been accrued but not yet paid.

Other Compensation – Perquisites

See “*Employment Agreements*” for the significant details regarding the perquisites for the NEOs.

Long-Term Incentives

The Corporation provides long-term incentives by granting stock options to executive officers. The options granted permit executives to acquire Ordinary Shares at an exercise price that shall not be less than the volume weighted average trading price of the Ordinary Shares on the TSX for the five trading days immediately preceding the day the stock option is granted. The objective of granting options is to encourage executives to acquire an ownership interest in the Corporation over a period of time, which will act as a financial incentive for such executive to consider the long-term interests of the Corporation and its shareholders.

In determining the number of options to be granted under the Stock Option Plan, the Compensation Committee gives consideration to, among other things, the individual’s current and potential contribution to the success of the Corporation, the relative position of the individual within the Corporation, previous stock option grants and the number of options granted to executive officers of companies of similar size and market capitalization.

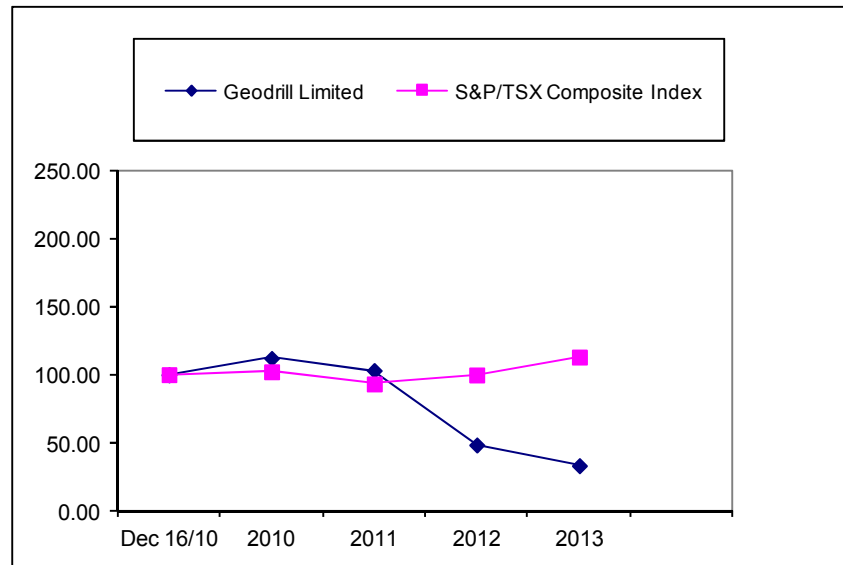

The Compensation Committee has discussed the implications of the risks associated with the Corporation’s compensation policies and practices. The Compensation Committee works with management of the Corporation to determine the risk oversight principles. The Audit Committee and Board institute policies and procedures to identify risks that are reasonably likely to have a material adverse effect on the Corporation and identify and mitigate compensation policies and practices that could encourage a NEO to take inappropriate or excessive risks.

Named Executive Officers and directors of the Corporation are not permitted to purchase financial instruments, including, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Named Executive Officer or director.

Performance Graph

The following table and graph compares the cumulative total shareholder return for CDN\$100 invested in Ordinary Shares against the cumulative total shareholder return of the S&P/TSX Composite Index, since December 16, 2010.

	December 16, 2010	2010	2011	2012	2013
Geodrill Limited	100.00	112.11	103.14	48.43	33.18
S&P/TSX Composite Index	100.00	102.15	93.25	99.95	112.94

The cumulative total shareholder return for Ordinary Shares has been less than the cumulative total shareholder return on the S&P/TSX Composite Index since December 16, 2010. The Corporation was affected by the industry wide slowdown in drilling activities in 2013. In general, there continues to be pressure on early stage exploration companies as financing from the capital markets continues to be challenging and there is also pressure on producing companies as they continue to need to manage their exploration costs in light of increasing costs on the production side of their business. The Corporation remains hopeful that demand for its services will improve as the economic environment begins to stabilize. The Chief Executive Officer, Chief Financial Officer and Chief Operating Officer received only 57% of bonus target in 2013 due to the Corporation's reduced revenues levels and decreased EBITDA.

Employment Agreements

The employment agreements for each of Messrs. Harper, Borsk and Burling set salaries and target annual incentive bonuses as well as addressing other matters such as long-term incentives, termination and change of control payments. These agreements also provide such NEOs with the right to various benefits that the Corporation makes available generally to the Corporation's senior executives. Mr. Rodrigue entered into a consulting agreement with the Corporation as further described below. The Compensation Committee reviews the compensation of the Chief Executive Officer, Chief Financial Officer and Chief Operating Officer on an annual basis. The compensation of Mr. Rodrigue is reviewed and approved annually by the Chief Executive Officer.

Dave Harper – President & Chief Executive Officer

The Corporation has entered into an employment agreement with Dave Harper, President and Chief Executive Officer, which has an indefinite term. With effect on March 1, 2013, Mr. Harper receives an annual base salary of AUD\$384,000 plus a hardship location allowance of AUD\$96,000 (total AUD\$480,000) subject to annual adjustments by the Compensation Committee and an annual bonus (with a target of 66% of base salary) designed to compensate him for personal and corporate performances, as determined at the discretion of the Compensation Committee. The Corporation has also agreed to make an annual contribution of 6% of Mr. Harper's base salary to a designated saving scheme as directed by Mr. Harper and has agreed to provide Mr. Harper with certain expatriate allowances in

conjunction with Mr. Harper residing in Ghana. Mr. Harper is also eligible to participate in the Corporation's long-term incentive plans.

Greg Borsk – Chief Financial Officer

The Corporation has entered into an employment agreement with Greg Borsk, Chief Financial Officer, which has an indefinite term. Overview of How Compensation Program Will Fit with Compensation Goals

Recruiting and Retaining Executives and Senior Management

The compensation package described herein has been designed to meet the goal of attracting, holding and motivating key talent in a highly competitive environment through the following elements: (i) a competitive cash compensation program, consisting of base salary, a hardship location allowance, a cash bonus and certain perquisites, which is generally above average for similar opportunities; and (ii) providing an opportunity to participate in the Corporation's growth through the grant of stock options.

Providing Fair and Competitive Compensation

The Corporation has established the principles and formalized a compensation policy for its executive officers. The compensation package is designed to meet the goal of providing fair and competitive compensation through the following elements: (i) the review of the cash compensation, performance and overall compensation package for each executive officer on an annual basis; (ii) the establishment of a formal policy, through which the Compensation Committee established a formal comparator group of peer companies which includes drilling services, mining services and other mining companies based in hardship locations of similar size and market capitalization and the comparison of the executive compensation packages against those awarded by the companies in the comparator group; and (iii) the consideration of comparable market data from third-party surveys to provide an initial reference point for determining future compensation levels.

Balancing the Interests of Management and Shareholders of the Corporation

The current compensation package intends to align the interests of management with the interests of the Corporation's shareholders through the following elements: (i) the grant of stock options – if the price of the Corporation's shares increases over time, both executives and shareholders will benefit; and (ii) the provision of vesting periods on stock awards – management has an interest in increasing the price of the Corporation's shares over time, rather than focusing on short-term increases.

Rewarding Performance, both on an Individual Basis and with Respect to the Business in General

The compensation package has been designed to meet the goal of rewarding performance, both on an individual basis and with respect to the business in general through: (i) the hardship location allowance which compensates the executives for special expatriate costs and provides other special and retention incentives normal for expatriate employees associated with the required work locations of the executives as the Compensation Committee considers appropriate; and (ii) the annual variable cash bonus which compensates the executives for such personal and corporate performance measures as the Compensation Committee considers appropriate. The Compensation Committee gives consideration to work location and financial and operational performance at the Corporation when considering compensation matters.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Corporate governance refers to the way the business and affairs of a reporting issuer are managed and relates to the activities of the Board, the members of whom are elected by and are accountable to the shareholders. Corporate governance takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Corporation. The Board is committed to sound corporate governance practices which are both in the interest of its shareholders and contribute to effective and efficient decision-making.

In June 2005, National Policy 58-201 *Corporate Governance Guidelines* (“**NP 58-201**”) and National Instrument 58-101 *Disclosure of Corporate Governance Practices*, as amended (“**NI 58-101**”) were adopted by the securities regulatory authorities in Canada. NP 58-201 establishes corporate governance guidelines which apply to all public companies and the Corporation has implemented its own corporate governance practices in light of these guidelines. NI 58-101 mandates the disclosure of corporate governance practices in accordance with Form 58-101F1, which disclosure is set out below.

Certain directors are deemed to have a material relationship with the issuer by virtue of their position or relationship with Geodrill. The Board is currently comprised of six members, four of whom the Board has determined are independent. In assessing whether a director is independent for these purposes, the circumstances of each director have been examined in relation to a number of factors.

Mr. Harper is not considered independent as he is the President and Chief Executive Officer of Geodrill and Ms. Prentice is not considered independent as she is the Corporate Secretary of Geodrill. Bankruptcies

To the Corporation's knowledge, no proposed director of the Corporation:

- (a) is, as at the date of this Circular, or has been within the 10 years before the date of this Circular, a director or executive officer of any company (including the Corporation) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or

3. Re-Appointment of Auditors

Deloitte LLP, Chartered Accountants, ("**Deloitte**"), Brookfield Place, 181 Bay Street, Suite 1400, Toronto, Ontario M5J 2V1, will be nominated at the Meeting for re-appointment as the auditor of the

Unless otherwise directed, the persons named in the enclosed form of proxy intend to vote for the re-appointment of Deloitte as the auditor of the Corporation to hold office until the next annual meeting of the Shareholders and authorize the directors of the Corporation to fix Deloitte's remuneration.

4. Re-approval of Stock Option Plan

The Board of the Corporation originally approved the Stock Option Plan on November 15, 2010, in the form attached as Appendix "A" hereto and the Stock Option Plan was approved by the shareholders on May 9, 2011. Options may be granted in respect of authorized and unissued Ordinary Shares, provided that the aggregate number of Ordinary Shares reserved for issuance upon the exercise of all options granted under the Stock Option Plan shall not exceed 10% of the total number of Ordinary Shares issued and outstanding from time to time. Underlying Ordinary Shares in respect of which options are not exercised because the relevant options expire or are cancelled, shall be available for issue upon the exercise of subsequent grants of options. As of the date hereof an aggregate of 2,790,000 options are currently outstanding under the Stock Option Plan. Accordingly, 2,790,000 Ordinary Shares (representing approximately 6.6% of the issued and outstanding Ordinary Shares) are currently issuable pursuant to options granted under the Stock Option Plan and the Corporation may grant an additional 1,461,200 options under the Stock Option Plan (representing approximately 3.4% of the issued and outstanding Ordinary Shares as of the date hereof). See "*Summary of Stock Option Plan*" below.

Pursuant to Section 613 of the TSX Company Manual, the Corporation is required to obtain the approval of its shareholders after institution and every three years after institution for all security based compensation arrangements which do not have a fixed maximum number of securities issuable (such as the Stock Option Plan). Accordingly, at the Meeting, shareholders will be invited to consider and, if thought fit, approve the resolutions substantially in the form attached as Appendix "B" hereto (the "**Stock Option Plan Resolutions**") re-approving the Stock Option Plan as the stock option plan of the Corporation and confirming the issuance thereunder of such number of Ordinary Shares as is equal to 10% of the aggregate number of Ordinary Shares issued and outstanding from time to time. The Stock Option Plan Resolutions will be approved upon the affirmative vote of a majority of the votes cast at the Meeting.

The Board has concluded that the Stock Option Plan is in the best interest of the Corporation and its shareholders. Accordingly, the Board recommends that shareholders vote in favour of the Stock Option Plan Resolutions. **Unless otherwise directed, the persons named in the enclosed form of proxy intend to vote for the approval of the Stock Option Plan Resolutions.**

SUMMARY OF STOCK OPTION PLAN

The Corporation's Board approved the stock option plan (the "**Stock Option Plan**") on November 15, 2010 and the Corporation's shareholders approved the Stock Option Plan on May 9, 2011. The Stock Option Plan is intended to aid in attracting, retaining and motivating the Corporation's officers, directors, employees, consultants and advisers through the grant of options to such persons.

Options granted under the Stock Option Plan are non-assignable and the Board will establish the exercise price of the option provided that such price shall not be less than the volume weighted average trading price of the Ordinary Shares on the TSX, or another stock exchange where the majority of the trading

volume and value of the Ordinary Shares occurs, for the five trading days immediately preceding the day the option is granted. The options will be exercisable for a period not to exceed five years from the date of grant.

Subject to increase by the Board and the receipt of all necessary approvals, the maximum aggregate number of Ordinary Shares reserved for issuance pursuant to the Stock Option Plan shall not exceed 10% of the total number of Ordinary Shares then outstanding. The maximum number of Ordinary Shares reserved for issuance pursuant to the Stock Option Plan and any other security based compensation arrangements of the Corporation is 10% of the total number of Ordinary Shares then outstanding. The maximum number of shares issued to insiders of the Corporation (each an “**Insider**”), within any one year period, pursuant to the Stock Option Plan and any other security based compensation arrangements of the Corporation is 10% of the total number of Ordinary Shares then outstanding. The maximum number of Ordinary Shares issuable to Insiders, at any time, pursuant to this Stock Option Plan and any other security based compensation arrangements of the Corporation is 10% of the total number of Ordinary Shares then outstanding.

Options issued under the Stock Option Plan vest at the discretion of the Board or committee established for the purpose of administering the Stock Option Plan, as applicable, subject to certain specified limitations.

In the event of the termination of an eligible individual under the Stock Option Plan, each option held by the eligible individual will cease to be exercisable within a period of 30 days after the termination date, or such longer period as determined by the Board. For greater certainty, such determination of a longer period may be made at any time subsequent to the date of grant of the options, provided that no option shall remain outstanding for any period which exceeds: (i) the expiry date of such option; or (ii) such earlier date as the Board may determine.

In the event of the retirement of an eligible individual under the Stock Option Plan, each option held by the eligible individual will cease to be exercisable within a period of 30 days after the retirement date, or such longer period as determined by the Board. For greater certainty, such determination of a longer period may be made at any time subsequent to the date of grant of the options, provided that no option shall remain outstanding for any period which exceeds: (i) the expiry date of such option; or (ii) such earlier date as the Board may determine.

If an eligible individual dies, the personal representatives, heirs or legatees of the deceased individual may exercise the options, within a period of time after the date of death as determined by the Board. For greater certainty, such determination may be made at any time subsequent to the date of grant of the options, provided that no option shall remain outstanding for any period which exceeds: (i) the expiry date of such option; or (ii) such earlier date as the Board may determine.

Except as otherwise set out below, the Board shall seek shareholder and regulatory approval for any amendments to the Stock Option Plan. The Board may discontinue the Stock Option Plan at any time without first obtaining shareholder approval, provided that, without the consent of a option holder, such discontinuance may not in any manner adversely affect the option holder’s rights under any option granted under the Stock Option Plan. The Board may, subject to receipt of requisite regulatory approval, where required, and without further shareholder approval, in its sole discretion make the following amendments to the Stock Option Plan: (a) amending typographical, clerical and grammatical errors; (b) reflecting changes to applicable corporate, securities or tax laws or to accommodate changes in the rules of applicable stock exchange on which the Ordinary Shares are listed; (c) changing the termination provisions of an option or the Stock Option Plan which do not entail an extension beyond the original

expiry date of such option; (d) to clarify any ambiguity or correct inconsistencies and minor errors in the Stock Option Plan; (e) including the addition of a cashless exercise feature, payable in cash or securities, which provides for a full deduction of the number of underlying securities from the Stock Option Plan reserve; and (f) ensuring that the options granted under the Stock Option Plan will comply with any provisions respecting income tax and other laws in force in any country or jurisdiction of which a option holder may from time to time be resident or a citizen. Notwithstanding the foregoing, the Corporation shall obtain requisite shareholder approval in respect of amendments to the Stock Option Plan to the extent such approval is required by any applicable laws or regulations.

An aggregate of 36,000 Ordinary Shares have been issued pursuant to the Stock Option Plan since the inception of the Stock Option Plan (representing approximately <0.1% of the issued and outstanding Ordinary Shares).

Options to acquire 2,790,000 Ordinary Shares are currently outstanding under the Stock Option Plan as of the date hereof.

At the Meeting, shareholders will be asked to consider and, if deemed fit, re-approve the Stock Option Plan. See "*Particulars of Matters to be Acted Upon – Re-approval of Stock Option Plan*".

1.4 Shares Reserved under the Stock Option Plan

- (a) The aggregate maximum number of Shares available for issuance from treasury under this Plan, subject to adjustment pursuant to Section 3.3, shall not exceed 10% of the issued and outstanding Shares at the time of grant. Any Shares subject to an Option which has been granted under the Plan and which Option has been cancelled or terminated in accordance with the terms of the Plan without having been exercised will again be available under the Plan.
- (b) The maximum number of Shares issuable to Insiders, at any time, pursuant to this Plan and any other security based compensation arrangements of the Corporation is 10% of the total number of Shares then outstanding. The maximum number of Shares issued to

Insiders, within any one year period, pursuant to this Plan and any other security based compensation arrangements of the Corporation is 10% of the total number of Shares then outstanding. For purposes of this Section 1.4, the number of Shares then outstanding shall mean the number of Shares outstanding on a non-diluted basis immediately prior to the proposed grant of the applicable Option.

ARTICLE 2 OPTION GRANTS AND TERMS OF OPTIONS

2.1 Option Grants

Subject to this Plan, the Board will have the authority to determine the limitations, restrictions and conditions, if any, in addition to those set out in this Plan, applicable to the exercise of an Option, including, without limitation, the nature and duration of the restrictions, if any, to be imposed upon the sale or other disposition of Shares acquired upon exercise of the Option, and the nature of the events, if any, and the duration of the period in which any Participant's rights in respect of Shares acquired upon exercise of an Option may be forfeited. An Eligible Person may receive Options on more than one occasion under this Plan and may receive separate Options on any one occasion.

2.2 Option Terms

- (a) Options granted must be exercised no later than five years after the date of grant or such lesser period as the applicable grant may require (the "**Expiry Date**"). In the event that any Option expires during, or within 48 hours after, a blackout period on trading securities of the Corporation, such Expiry Date will become the tenth day following the end of the blackout period.
- (b) The Board may determine when any Option will become exercisable and may determine that the Option will be exercisable in installments or pursuant to a vesting schedule.
- (c) No fractional Shares may be issued and the Board may determine the manner in which fractional Share value will be treated.
- (d) A minimum of 100 Shares must be purchased by a Participant upon exercise of Options at any one time, except where the remainder of Shares available for purchase pursuant to Options granted to such Participant totals less than 100.
- (e) Shares issued on the exercise of an Option may be subject to a hold period if imposed by the TSX or under applicable securities laws, in which case the certificates representing such Shares shall be legended accordingly.

2.3 Option Price

The Board will establish the exercise price of an Option at the time each Option is granted, provided that such price shall not be less than the Market Price.

2.4 Grant to Participant's RRSP or Holding Company

Upon written notice from an Eligible Individual, any Option that might otherwise be granted to that Eligible Individual will be granted, in whole or in part, to an RRSP or a Holding Company.

2.5 Termination, Retirement or Death

- (a) In the event of the Termination of an Eligible Individual, each Option held by the Eligible Individual or the Eligible Individual's Holding Company or RRSP, as applicable, will cease to be exercisable within a period of 30 days after the Termination Date, or such longer period as determined by the Board. For greater certainty, such determination of a longer period may be made at any time subsequent to the date of grant of the Options, provided that no Option shall remain outstanding for any period which exceeds: (i) the Expiry Date of such Option; or (ii) such earlier date as the Board may determine. If any portion of an Option held by a terminated Eligible Individual or such Eligible Individual's Holding Company or RRSP, as applicable, has not vested on the Termination Date, the Participant holding such Option may not, after the Termination Date, exercise such portion of the Option which has not vested, provided that the Board may determine at any time, including for greater certainty at any time subsequent to the date of grant of the Options, that such portion of the Option vests automatically or pursuant to a vesting schedule determined by the Board. Without limitation, and for greater certainty only, this subsection (a) will apply regardless of whether the Eligible Individual was dismissed with or without cause and regardless of whether the Eligible Individual received compensation in respect of dismissal or was entitled to a period of notice of termination which would otherwise have permitted a greater portion of the Option to vest.
- (b) In the event of the Retirement of an Eligible Individual, each Option held by the Eligible Individual or the Eligible Individual's Holding Company or RRSP, as applicable, will cease to be exercisable within a period of 30 days after the Retirement Date, or such longer period as determined by the Board. For greater certainty, such determination of a longer period may be made at any time subsequent to the date of grant of the Options, provided that no Option shall remain outstanding for any period which exceeds: (i) the Expiry Date of such Option; or (ii) such earlier date as the Board may determine. If any portion of an Option held by a retired Eligible Individual or such Eligible Individual's Holding Company or RRSP, as applicable, has not vested on the Retirement Date, the Participant holding such Option may not, after the Retirement Date, exercise such portion of the Option which has not vested, provided that the Board may determine at any time, including for greater certainty at any time subsequent to the date of grant of the Options, that such portion of the Option vests automatically or pursuant to a vesting schedule determined by the Board.
- (c) If an Eligible Individual dies, the personal representatives, heirs or legatees of the deceased Eligible Individual may exercise the Options held by the deceased Eligible Individual or the deceased Eligible Individual's Holding Company or RRSP, as applicable, within a period of time after the date of the Eligible Individual's death as determined by the Board, for greater certainty such determination may be made at any time subsequent to the date of grant of the Options, provided that no Option shall remain outstanding for any period which exceeds: (i) the Expiry Date of such Option; or (ii) such earlier date as the Board may determine. If any portion of an Option held by a deceased Eligible Individual or such Eligible Individual's Holding Company or RRSP, as applicable, has not vested on the Eligible Individual's date of death, the personal representatives, heirs or legatees of the deceased Eligible Individual holding such Option may not, after the date of death of the Eligible Individual, exercise such portion of the Option which has not vested, provided that the Board may determine at any time,

including for greater certainty at any time subsequent to the date of grant of the Options, that such portion of the Option vests automatically or pursuant to a vesting schedule determined by the Board. If the personal representative, heir or legatee of a deceased Eligible Individual exercises the Option of the deceased Eligible Individual in accordance with the terms of this Plan, the Corporation will have no obligation to issue the Shares until evidence satisfactory to the Corporation has been provided by the personal representative, heir or legatee that it is entitled to act on behalf of the deceased Eligible Individual to purchase the Shares under this Plan.

2.6 Option Agreements

Each Option must be confirmed, and will be governed, by an agreement in a form determined by the Board and signed by the Corporation and the Eligible Individual, an RRSP of which the Eligible Individual is an annuitant, or the Eligible Individual's Holding Company, as applicable.

2.7 Payment of Exercise Price

The exercise price of each Share purchased under an Option must be paid in full by bank draft, certified cheque or wire transfer at the time of exercise, and upon receipt of payment in full, but subject to the terms of this Plan, the number of Shares in respect of which the Option is exercised will be duly issued as fully paid and non-assessable. Share certificates representing the number of Shares in respect of which the Option has been exercised will be issued only upon payment in full of the relevant exercise price to the Corporation.

ARTICLE 3 MISCELLANEOUS

3.1 Change of Control

- (a) Notwithstanding any other provision of this Plan, in the event of a potential Change of Control, the Board will have the power, subject to any required stock exchange or regulatory approvals, but without the necessity or requirement for the agreement of any Participant: (i) to terminate, conditionally or otherwise and on such terms as it sees fit, any or all of the Options not exercised following the successful completion of such Change of Control; and (ii) subject to this Section 3.1, to accelerate the Expiry Date and/or the vesting of any or all of the Options or otherwise modify the terms of any or all of the Options to assist Participants to obtain the advantage of holding Shares during the Change of Control. The Board will promptly notify each Participant in writing of any acceleration of the Expiry Date and/or the vesting of any or all of the Options, as the case may be.
- (b) If the Board exercises its discretion under this Section 3.1 to accelerate Expiry Dates and/or the vesting of any or all Options, the Board may determine that any exercise will, until the completion of such Change of Control, be conditional. In such case, a Participant that wishes to exercise his or her Options, must deliver an exercise notice together with the aggregate exercise price in the manner specified in this Plan and the related option agreement, which will each be held in trust by the Corporation. If the Change of Control referred to in this Section 3.1 is completed at the time specified therein (as the same may be extended in accordance with applicable law), the exercise will be deemed to be unconditional and the aggregate exercise price will be applied to the

purchase of Shares, which shall be deemed to occur immediately prior to the Change of Control, as specified in the exercise notice. If the Change of Control referred to in this Section 3.1 is not completed at the time specified therein (as the same may be extended in accordance with applicable law), the exercise notice and the aggregate exercise price will be returned to the Participant. The Board may make such other modifications to the Plan, including the specific requirements of this Section 3.1, in order to facilitate the conditional exercise and participation by Participants in the Change of Control as may be necessary or advisable.

- (c) If the Change of Control referred to in this Section 3.1 is not completed within the time specified therein (as the same may be extended in accordance with applicable law), the Options that vested pursuant to this Section 3.1 will be reinstated as unvested Options and the original terms applicable to such Options will apply.

3.2 Prohibition on Transfer of Options

Options are personal to each Eligible Person. No Eligible Person may deal with any Options or any interest in them or Transfer any Options now or hereafter held by the Eligible Person, except as provided in Section 2.4. If a Holding Company ceases to be wholly-owned and controlled by an Eligible Individual and/or the spouse, children and/or grandchildren of such Participant, such change in ownership or control shall be deemed to be an improper Transfer of all of the Options held by such Holding Company. An improper Transfer of any Options will not create any rights in the purported transferee, will cause the immediate termination of the Options, and the Corporation will not issue any Shares upon the attempted exercise of improperly Transferred Options.

3.3 Capital Adjustments

If there is any change in the outstanding Shares by reason of a stock dividend or split, recapitalization, consolidation, combination or exchange of shares, or other fundamental corporate change, the Board will make, subject to any prior approval required of relevant stock exchanges or other applicable regulatory authorities, if any, an appropriate substitution or adjustment in (i) the exercise price of any unexercised Options under this Plan; (ii) the number or kind of shares or other securities reserved for issuance pursuant to this Plan; and (iii) the number and kind of shares subject to unexercised Options theretofore granted under this Plan; provided, however, that no substitution or adjustment will obligate the Corporation to issue or sell fractional shares. In the event of the reorganization of the Corporation or the amalgamation or consolidation of the Corporation with another corporation, the Board may make such provision for the protection of the rights of Participants as the Board in its discretion deems appropriate. The determination of the Board, as to any adjustment or as to there being no need for adjustment, will be final and binding on all parties.

3.4 Non-Exclusivity

Nothing contained herein will prevent the Board from adopting other or additional compensation arrangements for the benefit of any Eligible Individual, subject to any required regulatory or shareholder approval.

3.5 Amendment and Termination

Except as otherwise set out below, the Board shall seek shareholder and regulatory approval for any amendments to the Plan. The Board may discontinue the Plan at any time without first obtaining

shareholder approval, provided that, without the consent of a Participant, such discontinuance may not in any manner adversely affect the Participant's rights under any Option granted under the Plan.

The Board may, subject to receipt of requisite regulatory approval, where required, and without further shareholder approval, in its sole discretion make the following amendments to the Plan:

- (a) amending typographical, clerical and grammatical errors;
- (b) reflecting changes to applicable corporate, securities or tax laws or to accommodate changes in the rules of applicable stock exchange on which the Shares are listed;
- (c) changing the termination provisions of an Option or the Plan which do not entail an extension beyond the original Expiry Date;
- (d) to clarify any ambiguity or correct inconsistencies and minor errors in the Plan;
- (e) including the addition of a cashless exercise feature, payable in cash or securities, which provides for a full deduction of the number of underlying securities from the Plan reserve; and
- (f) ensuring that the Options granted under the Plan will comply with any provisions respecting income tax and other laws in force in any country or jurisdiction of which a Participant may from time to time be resident or a citizen.

Notwithstanding the foregoing, the Corporation shall obtain requisite shareholder approval in respect of amendments to the Plan to the extent such approval is required by any applicable laws or regulations.

3.6 Compliance with Legislation

The Board may postpone or adjust any exercise of any Option or the issuance of any Shares pursuant to this Plan as the Board in its discretion may deem necessary in order to permit the Corporation to effect or maintain registration of this Plan or the Shares issuable pursuant thereto under the securities laws of any applicable jurisdiction, or to determine that the Shares and this Plan are exempt from such registration. The Corporation is not obligated by any provision of this Plan or any grant hereunder to sell or issue Shares in violation of any applicable law. In addition, if the Shares are listed on a stock exchange, the Corporation will have no obligation to issue any Shares pursuant to this Plan unless the Shares have been duly listed, upon official notice of issuance, on a stock exchange on which the Shares are listed for trading. The obligation of the Corporation to sell and deliver Shares in accordance with the Plan is subject to the approval of any governmental authority having jurisdiction or any stock exchanges on which the Shares are listed for trading which may be required in connection with the authorization, issuance or sale of such Shares by the Corporation. If any Shares cannot be issued to any Optionee for any reason including, without limitation, the failure to obtain such approval, then the obligation of the Corporation to issue such Shares shall terminate and any exercise price paid by an Optionee to the Corporation shall be returned to the Optionee without interest or deduction.

3.7 Withholding Taxes

The exercise of each Option granted under this Plan is subject to the condition that if at any time the Corporation determines, in its discretion, that the satisfaction of withholding tax or other withholding liabilities is necessary or desirable in respect of such exercise, such exercise is not effective unless such

withholding has been effected to the satisfaction of the Corporation. In such circumstances, the Corporation may require that a Participant pay to the Corporation, in addition to and in the same manner as the Option price for the Shares, such amount as the Corporation is obliged to remit to the relevant taxing authority in respect of the exercise of the Option (or alternatively, the Corporation shall have the right in its discretion to satisfy any such liability for withholding or other required deduction amounts by retaining or acquiring any Option shares, or retaining any amount payable, which would otherwise be issued or delivered, provided or paid to a Participant under the Plan).

3.8 Employment

Nothing contained in the Plan shall confer upon any Participant any right with respect to employment or continuance of employment with the Corporation or any Affiliate, or interfere in any way with the right of the Corporation or any Affiliate, to terminate the Participant's employment at any time. Participation in the Plan by an Participant is voluntary.

3.9 No Shareholder Rights

An Participant shall not have any rights as a shareholder of the Corporation with respect to any of the Shares covered by an Option until the Participant exercises such Option in accordance with the terms of the Plan and the issuance of the Shares by the Corporation.

3.10 Effective Date

This Plan shall be effective on November 15, 2010.
Approval by the Board on November 15, 2010.
