FORWARD LOOKING STATEMENTS

This presentation contains “forward-looking information” and “financial outlook” within the meaning of applicable Canadian securities laws and may contain forward looking information attributed to third party industry sources. These statements and information are predictions only and represent Geodrill’s expectations as of the date of this presentation and Geodrill does not undertake any obligation to update the forward looking information or financial outlook to reflect new information, subsequent events or otherwise. By their nature, forward looking information and financial outlook involve numerous assumptions, known and unknown risks and uncertainties, both general and specific, that contribute to the possibility that the predictions, forecasts, and projections made will not occur and actual events or results may differ materially from such predictions, forecasts, and projections. Undue reliance should not be placed on such information as there can be no assurance that the plans, intentions or expectations upon which they are based will occur.

Forward-looking information is also based upon the assumption that none of the identified risk factors that could cause actual results to differ materially from the forward-looking information will occur. Accordingly, specific reference should be made to the risk factors described in the Annual Financial Statements available on SEDAR.
